

Founded in 2012 by Dr. Chris Siedem, Perfect College Match, LLC works to help student-athletes and their families answer two questions: **How do we find the right school? And how do we pay for it?** The college recruiting process is not just about finding a place to play in college, it is about finding the **RIGHT** place to play. PCM makes a personal investment in each of it's student-athletes and a commitment to finding each one the best overall fit to enable success at the collegiate level as a student, athlete, and person.

**The Process:**

PCM utilizes a unique three step process to maximize college exposure, generate interest, and convert interest into offers:

1. Marketing
2. Management
3. Evaluation

At the end of this process student-athletes are in a position to decide between several good fit options.

"It was the end of January of his senior year, and my son hadn't found anything. In less than 3 months, Chris Siedem helped us find multiple offers. Braden went on to a great school, is playing football for a nationally ranked team, and has almost all his education paid for.

~Rick Miltenberger, father of Braden, NAIA football

**THE PCM WHITE LINES PHILOSOPHY:**

*"Before you ever became an athlete, you were a person, a human being. If I'm not willing to do everything that I can for you as a person, I have to call into question whether I can do what I need to do for you as a coach."*

"Corey is 6'1". Her brother and sister played in college, as well as both her parents. Corey played on one of the top HS teams in the state, and probably the best club team in Colorado. We didn't think we needed help. But things were getting late, and Corey didn't have much to show for it. In just a few short weeks working with Dr. Siedem, Corey's recruiting status changed dramatically. Now we know she'll go on to play at a great school for her.

~Paula Hendrickson, mother of Corey, 2013 softball player

**Update: Corey committed to Florida State!**
